Target	Actions	Who By	When
<u>Governance</u>			
Carry out an annual impact audit of office operations	Complete a carbon assessment of the work environment. Collect usage data for electricity, water and travel on an ongoing basis.	Business & Operations Director	By end Jul 23 Ongoing
	Use Creative IG tool available on Julie's Bicycle website to complete the annual environmental data audit and report.		April
	Produce an annual Environmental Report.		May
	Update Environmental Action Plan based on learning from annual report.		May
	Include environmental sustainability in core business strategies.		At next update
	Recognise environmental responsibilities in job roles: • Staff members		When JD is next reviewed.

Target	Actions	Who By	When
<u>Artistic</u>			•
Produce work exploring environmental themes	Establish the appropriateness of including environmental themes within the artistic programme.	AD/CEO	Ongoing
<u>Energy</u>			
Minimise electrical usage	During the summer turn the heaters and night storage heaters off.	Staff	Every working day
	Check office at the end of each working day and ensure all non- essential equipment is switched off.		
	During the winter, adjust the input control depending on how cold it is anticipated to be the following week.		When we
	Establish whether meters can be installed to measure half-hourly usage.	B&O Director	move.
<u>Waste</u>			•
Reduce our use of paper products	Print only when necessary.	Staff, board members, freelancers	Ongoing
	Email Board papers/store papers in Teams storage and encourage members to use laptops/iPads instead of printing, where possible.		
	Print black-and-white rather than colour.		
	Print doubled-sided.		
	Use recycled paper products wherever possible		
	Recycle waste paper.		
	Monitor paper usage.		
	Using online consent forms where feasible.	B&O Director	
	Use e-ticket options when we provide tickets and when we use other venues' booking systems.	Marketing & AD Manager	

Target	Actions	Who By	When
Minimise our use of single use plastic containers	Staff encouraged to use re-useable containers/drinks bottles. Avoid using plastic containers for company events where possible.	Staff, freelancers	Ongoing
Manage print runs to avoid over- stocking	Identify/quantify potential recipients of each publication to minimise print runs and waste.	Marketing and AD Manager	Ongoing
Minimise waste from events	Ensure that printed materials (posters, flyers, programmes) are fully recyclable, where it is cost effective to do so. Discuss possibility of serving food/drink in recyclable and/or reusable containers.	Marketing and AD Manager Event production manager	Ongoing
<u>Toxicity</u>			
Minimise the use of toxic/non bio-degradable materials.	Where there is a choice, only purchase non-toxic or biodegradable materials.	Staff	Ongoing
<u>Travel</u>			
Evaluate organisational benefits of all business travel.	Consider merits of attendance at each event against impact. Where trips are necessary, maximise value by arranging complementary meetings.	Staff, board members	Ongoing
Reduce emissions from travel to/from events and performances.	Encourage car-sharing among the team and cast where it is practicable. Work with venues to encourage efficient modes of transport for audiences. Communicate public transport options/cycle routes for performance spaces.	All staff and freelancers Producers Marketing and AD Manager	Ongoing
Use least harmful modes of transport available	Only take internal UK flights where no viable option is available, and attendance is considered essential. Use public transport in preference to private transport.	Staff, board members, freelancers	Ongoing

Target	Actions	Who By	When
	Only take taxis if necessary, walking or using public transport wherever possible. Where taxis must be used, use those that emit low emissions.		
	Use videoconferencing to minimise theirs and others travel to meeting.		
<u>Procurement</u>			
Include environmental credentials in our procurement process.	When procuring products or services, establish whether the provider has an Environmental Policy and reflect this in the Procurement section of the Finance Policy.	AD/CEO, B&D Director	Ongoing
Include environmental requirements in contracts for products and services:	When contracting for products or services, establish what environmental criteria need to be part to the tender. Ensure the environmental criteria are documented in the contract.	All staff, but mainly AD/CEO and B&O Director	Ongoing
Publications printed using paper from recycled sources	Purchase paper from sustainable sources. Use printing companies that display the FSC mark and print using a sustainable paper source.	B&O Director Marketing and AD Manager	Ongoing
Complete a venue checklist to remind us to discuss issues related to environment with venues when we book.	Assess the environmental credentials of each venue used, including rehearsal venues.	Production Managers	Prior to using venue
Communication			
Communicate environmental activity to our stakeholders.	Upload the latest Environment Report and Policy to the website. Add links on the website to other sources of information that we	B&O Director	End May 22
	have found useful.		Ongoing
	Expand our social media reporting on our environmental activity.		Ongoing
<u>Digital</u>			

Target	Actions	Who By	When
Online procurement	Establish whether our web hosting and cloud services are powered renewably.	B&O Director	End Jun 23
Think circular	Have broken digital devices fixed before renewing, avoid buying new devices, consider buying recycled devices.	Mainly B&O Director	Ongoing
	Find out if the company we are buying from has a 'circular economy strategy' for example they are built with a modular design so component parts can be easily replaced.	All staff, but mainly AD/CEO and B&O Director	Ongoing
	Find out of the company we are buying from uses 'conflict minerals' minerals from countries that prioritise extracting minerals over human rights.	All staff, but mainly AD/CEO and B&O Director	Ongoing
Be energy efficient in our use of digital devices.	Connect on Wi-Fi rather than using roaming as 4G consumes four times as much electricity as Wi-Fi.	All staff	Ongoing
Develop an understanding, of digital sustainability, plan the approach and measure the impact.	Develop an understanding of the issues by reading and speaking to suppliers.	All staff, but mainly AD/CEO and B&O Director	Ongoing
	Map where the digital impacts are occurring. Undertake the mapping prior to purchasing digital equipment and services.	B&O Director	On purchase of equipment and annually
Advocate for Change	Use digital art to engage audiences in environmental and sustainability issues what they are doing to address impacts.	AD/Participation Producer	As opportunities arise
	Speak to technical and digital providers for their environmental and energy reports.	AD/Participation Producer	Prior to using providers
Do a digital 'Spring Clean'	Tackle 'digital waste' review what is being stored digitally and where, the more stored digitally the more energy needed to store it.	Staff	At year end

Target	Actions	Who By	When
	Use a green search engine such as Ecosia (which turns searches into tree planting) or Ocean Hero (which turns searches into ocean-bound plastic bottle recovery).	Staff	Ongoing
